\*CID : The CID (card identification) number is a 3- or 4-digit code on your credit card (three last digit on the number on the back of your visa or master credit card or the fourth digits on the front of your AMEX Credit card). We are requesting it as an added security precaution. It's another measure we take to ensure that your credit card is present when you place your order. If your CID is illegible, call your credit card company.
